Process of Application and Enrollment

- Upon receiving this completed *Application for Admission*, the Academy will contact the parents to schedule an informal interview/evaluation session as needed to verify the child's preparedness for pre-kindergarten.
- Please bring ORIGINAL birth certificate for verification of birth date (required by law).
- Grade level sizes and enrollment capacities are subject to change. Enrollment is on an annual basis and cannot be guaranteed for subsequent school years. While the Academy strives to address each student's educational/developmental needs, it cannot guarantee student success, academically or socially.
- Once the student is accepted for enrollment, the Academy sends the parents an Enrollment Agreement. Parents then enroll the student by signing and submitting the Agreement along with the \$375 enrollment fee.
- After an initial period of enrollment, the Academy may determine that a child's participation in pre-kindergarten is not developmentally appropriate. In such cases, the Academy may rescind enrollment or postpone it until a later date, with tuition prorated and excess payment refunded.

<p>Permission for Testing and Interviewing—I understand the application/enrollment process outlined above. I give permission for the Academy to conduct testing and interviews with the above-named student.</p>
