

Google Apps for Education Consent and Acceptable Use Policy

Parents and Guardians,

At Southampton Academy, we use G Suite for Education, to provide and manage a G Suite for Education account for your child. G Suite for Education is a set of education productivity tools from Google including Gmail, Calendar, Docs, Classroom, and more used by tens of millions of students and teachers around the world. At Southampton Academy, students will use their G Suite accounts to complete assignments, communicate with their teachers, sign into Chromebooks, and learn 21st century digital citizenship skills.

The notice below provides answers to common questions about what Google can and can't do with your child's personal information, including:

- What personal information does Google collect?
- How does Google use this information?
- Will Google disclose my child's personal information?
- Does Google use student personal information for users in K-12 schools to target advertising?
- Can my child share information with others using the G Suite for Education account?

Please read it carefully, sign below, and return this page to Southampton Academy to indicate that you have read the notice and give your consent.

I give permission for Southampton Academy to maintain a G Suite for Education account for my child and for Google to collect, use, and disclose information about my child only for the purposes described in the notice below.

Thank you,
Southampton Academy

G Suite for Education Notice to Parents and Guardians

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their G Suite for Education accounts, students may access and use the following “Core Services” offered by Google (described at https://gsuite.google.com/terms/user_features.html):

- Gmail
- Google+
- Calendar
- Chrome Sync
- Classroom
- Cloud Search
- Contacts
- Docs, Sheets, Slides, Forms
- Drive
- Groups
- Google Hangouts, Google Chat, Google Meet, Google Talk
- Jamboard
- Keep
- Sites
- Vault

In addition, we also allow students to access certain other Google services with their G Suite for Education accounts.

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G Suite for Education accounts in its G Suite for Education Privacy Notice. You can read that notice online at https://gsuite.google.com/terms/education_privacy.html You should review this information in its entirety, but below are answers to some common questions:

Google Apps for Education Consent and Acceptable Use Policy

What personal information does Google collect?

When creating a student account, Southampton Academy may provide Google with certain personal information about the student, including, for example, a name, email address, and password. Google may also collect personal information directly from students, such as telephone number for account recovery or a profile photo added to the G Suite for Education account.

When a student uses Google services, Google also collects information based on the use of those services. This includes:

- device information, such as the hardware model, operating system version, unique device identifiers, and mobile network information including phone number;
- log information, including details of how a user used Google services, device event information, and the user's Internet protocol (IP) address;
- location information, as determined by various technologies including IP address, GPS, and other sensors;
- unique application numbers, such as application version number; and
- cookies or similar technologies which are used to collect and store information about a browser or device, such as preferred language and other settings.

How does Google use this information?

In G Suite for Education **Core Services**, Google uses student personal information to provide, maintain, and protect the services. Google does not serve ads in the Core Services or use personal information collected in the Core Services for advertising purposes.

In Google Additional Services, Google uses the information collected from all Additional Services to provide, maintain, protect and improve them, to develop new ones, and to protect Google and its users. Google may also use this information to offer tailored content, such as more relevant search results. Google may combine personal information from one service with information, including personal information, from other Google services.

Does Google use student personal information for users in K-12 schools to target advertising?

No. For G Suite for Education users in primary and secondary (K-12) schools, Google does not use any user personal information (or any information associated with an G Suite for Education Account) to target ads, whether in Core Services or in other Additional Services accessed while using an G Suite for Education account.

Can my child share information with others using the G Suite for Education account?

We may allow students to access Google services such as Google Docs and Sites, which include features where users can share information with others or publicly. When users share information publicly, it may be indexable by search engines, including Google.

Google Apps for Education Consent and Acceptable Use Policy

Will Google disclose my child's personal information?

Google will not share personal information with companies, organizations and individuals outside of Google unless one of the following circumstances applies:

- **With parental or guardian consent.** Google will share personal information with companies, organizations or individuals outside of Google when it has parents' consent (for users below the age of consent), which may be obtained through G Suite for Education schools.
- Southampton Academy, G Suite for Education accounts, because they are school-managed accounts, gives administrators access to information stored in them.
- **For external processing.** Google may provide personal information to affiliates or other trusted businesses or persons to process it for Google, based on Google's instructions and in compliance with the G Suite for Education privacy notice and any other appropriate confidentiality and security measures.
- **For legal reasons.** Google will share personal information with companies, organizations or individuals outside of Google if it has a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary to:
 - meet any applicable law, regulation, legal process or enforceable governmental request.
 - enforce applicable Terms of Service, including investigation of potential violations.
 - detect, prevent, or otherwise address fraud, security or technical issues.
 - protect against harm to the rights, property or safety of Google, Google users or the public as required or permitted by law.

Google also shares non-personal information -- such as trends about the use of its services -- publicly and with its partners.

What choices do I have as a parent or guardian?

You and your child can also visit <https://myaccount.google.com> while signed in to the G Suite for Education account to view and manage the personal information and settings of the account.

What if I have more questions or would like to read further?

If you want to learn more about how Google collects, uses, and discloses personal information to provide services to us, please review the [G Suite for Education Privacy Center](https://www.google.com/edu/trust/) (at <https://www.google.com/edu/trust/>), the [G Suite for Education Privacy Notice](https://gsuite.google.com/terms/education_privacy.html) (at https://gsuite.google.com/terms/education_privacy.html), and the [Google Privacy Policy](https://www.google.com/intl/en/policies/privacy/) (at <https://www.google.com/intl/en/policies/privacy/>).

The Core G Suite for Education services are provided to us under [Google's Apps for Education agreement](https://www.google.com/apps/intl/en/terms/education_terms.html) (at https://www.google.com/apps/intl/en/terms/education_terms.html) [if school/district has accepted the Data Processing Amendment (see <https://support.google.com/a/answer/2888485?hl=en>), insert: and the [Data Processing Amendment](https://www.google.com/intl/en/work/apps/terms/dpa_terms.html) (at https://www.google.com/intl/en/work/apps/terms/dpa_terms.html)].

Google Apps for Education Consent and Acceptable Use Policy

Google Apps for Education runs on an Internet domain purchased and owned by the school and is intended for educational use. Your student's teachers will be using Google Apps for lessons, assignments, and communication.

Google Apps for Education is also available at home, the library, or anywhere with Internet access. School staff will monitor student use of Apps when students are at school. Parents are responsible for monitoring their child's use of Apps when accessing programs from home. Students are responsible for their own behavior at all times.

Student safety is our highest priority.

Acceptable Use (Privacy and Safety)

Apps for Education is primarily for educational use. Students may use Apps for personal use subject to the restrictions below and additional school rules and policies that may apply.

- **Privacy** - School staff, administrators, and parents all have access to student email for monitoring purposes. Students have no expectation of privacy on the Apps system.
- **Limited personal use** - Students may use Apps tools for personal projects but may not use them for:
 - Unlawful activities
 - Commercial purposes (running a business or trying to make money)
 - Personal financial gain (running a web site to sell things)
 - Inappropriate sexual or other offensive content
 - Threatening another person
 - Misrepresentation of Oregon Public Schools, staff or students. Apps, sites, email, and groups are not public forums. They are extensions of classroom spaces where student free speech rights may be limited.
- **Safety**
 - Students may not post personal contact information about themselves or other people. That includes last names, addresses and phone numbers.
 - Students agree not to meet with someone they have met online without their parent's approval and participation.
 - Students will tell their teacher or other school employee about any message they receive that is inappropriate or makes them feel uncomfortable.
 - Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their account. Under no conditions should a user provide his or her password to another person.
- **Access Restriction - Due Process**
 - Access to Google Apps for Education is considered a privilege accorded at the discretion of the District. The District maintains the right to immediately withdraw the access and use of Apps when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to the Principal for further investigation and account restoration, suspension, or termination. As a party of the Agreement with Google, the State of Oregon also reserves the right to immediately suspend any user account suspected of inappropriate use. Pending review, a user account may be terminated as part of such action.

Google Apps for Education Consent and Acceptable Use Policy

Consumer Safety (Advice for Students and Parents)

- **Don't get scammed.** Crooks are good at fooling people. They create fake emails and web pages that look real in a practice called phishing. Don't trust links or web pages sent by email. Instead, open a new browser window and type in the address yourself.
- **Don't get spammed.** Spam is unwanted advertising sent by email. Never reply to spam and never do business with a company that sends spam. Use the "report spam" button to get rid of spam.

Digital Citizenship (Advice for All)

- **Treat others well.** It hurts to get a mean email just like it hurts when someone is mean in the school hallway. When using email or making a post on a forum or web page, be kind. Everyone will see what you write so think before you type. Be careful with what you say about others and yourself.
- **Respect the rights of copyright owners.** Copyright infringement occurs when an individual reproduces a work without permission that is protected by a copyright. If a work contains language that specifies acceptable use of that work, the user should follow the expressed requirements. If the user is unsure whether or not they can use a work, they should request permission from the copyright owner.
- **Students have First Amendment rights to free speech.** Your rights can be limited in school, though. If you post something via email or on a school web page that disturbs the learning environment in your school, your right of speech may be limited. School web sites, email, and groups are for educational use and are not considered public forums for debating ideas. This means that a school has the right to limit student speech that disturbs the learning process in these areas.

Google Apps for Education Consent and Acceptable Use Policy

These are the laws and policies that help to protect our students online:

Child Internet Protection Act (CIPA)

The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic. This means that student email is filtered. Mail containing harmful content from inappropriate sites will be blocked.

-- CIPA - <https://www.fcc.gov/consumers/guides/childrens-internet-protection-act>

Children's Online Privacy Protection Act (COPPA)

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, Google advertising is turned off for Apps for Education users. No personal student information is collected for commercial purposes. This permission form allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

-- COPPA - <https://www.ftc.gov/tips-advice/business-center/guidance/complying-coppa-frequently-asked-questions>

Family Educational Rights and Privacy Act (FERPA)

FERPA protects the privacy of student education records and gives parents rights to review student records. Under FERPA, schools may disclose directory information (name, phone, address, grade level, etc...) but parents may request that the school not disclose this information.

- The school will not publish confidential education records (grades, student ID #, etc...) for public viewing on the Internet.
- The school may publish student work and photos for public viewing but will not publish student last names or other personally identifiable information.
- Parents may request that photos, names and general directory information about their children not be published.
- Parents have the right at any time to investigate the contents of their child's email and Apps for Education files.

-- FERPA - <https://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>
